

Welcome to RA's!

We are excited to have your son join us this year as we lead our boys to come to know who Christ is and how they can become more like Him. This year we will spend our time learning about the key components of the the Gospel and how we can share those with others.

In addition to our time studying the Word of God, we will spend time learning important skills for young boys to learn. Throughout the year, we will learn things such as fire safety and skills, knife and gun safety, fishing skills, tool use, and other fun activities.

We will work diligently to provide a safe environment for your son to learn more about Christ and to learn many valuable life skills along the way. It is imperative that your son understands the importance of following the instructions of his RA Leader while participating in our activities. By signing below you agree for your son to participate in the activities for the 2025/2026 RA year with the understanding of his safety being dependent on his ability to follow instructions.

If you have any questions you may reach out to the RA Leader, Bert Pollard, or to the Kiokee Children's Ministry Director, Sarah Snellings.
